Major _____ **Second Major** _____ **Minor** _____

Please List the Literature and Writing classes you have completed at BLC

Please write a brief essay that describes your interest in literature and writing. This could include the authors and/or types of literature you are familiar with or typically read and/or your own writing—do you write poems, short stories, creative non-fiction? Tell us a bit this. Or, maybe you have some ideas about the value of reading and writing more broadly. If so, shed some light on those here. Second, discuss your interest in Sigma Tau Delta and how you imagine membership will enhance your interest in literature and writing and allow you to help foster an understanding of their value in other settings and communities (i.e., the Bethany community, Mankato, etc.).

Word-process the essay and attach to the application.
